

## TCM Forklift Part

TCM Forklift Part - In the global trade of material handling, forklifts play an important part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply called TCM Corporation. Through the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
