

Lull Telehandler Part

Lull Telehandler Part - Telehandlers by Lull have been supplying load placement precision ever since nineteen fifty nine. The Lull telehandler can help make the job easier and faster, whether the work requires positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available together with the patented Stabil-Trak stability system in order to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are also various optional Lull attachments for their telehandlers to be able to help do whichever work.
