

Forklift Electrical Parts

Forklift Electrical Part - Forklifts along with other lift trucks could have specific labels for use in some hazardous locations. The mark denotes that this specific model of lift truck meets the minimum standards of ANSI/UL 553 utilized for electric forklifts or ANSI/UL 558 utilized for internal combustion engine lift trucks.

Applications for marked forklifts can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for more info regarding the approved uses of industrial powered forklifts in your application.

If the particular lift truck meets the outlined standards, labels could be put. A labeled lift truck will show the type of designation placed on the nameplate and would have a properly corresponding label attached.
